9000035 ROPE, 1" BROWN PRO POLY
9000036 ROPE, 1" PREMIUM WHITE/DB NYLON
 Implementation Date: February 2013

100900

Features and Benefits

Introducing EZ Dock's handrail or accessory/utility post. This post is designed to be attached to the coupler pockets of the EZ Dock product to provide custom fitting of handrails, to be used as a grab post, or used as an accessory attachment post. This post comes with 8 embedded T-nut locations for easy attachment of cleats, hose bids, hanging hooks, etc. The post also comes with recessed holes that can be drilled for tube or rope handrails. In addition, a standard post light can be attached to the top. Not only can this post be attached to the standard EZ Dock product, it can also be attached to the EZ Port MAX or mid coupler pocket of the EZ BoatPort/Side Extension.

Shipping weight: 25lbs (11.3kg).
 Dimensions: 9"x9"x55.5" (22cm x 22cm x 1.4m)
