

Product Announcement

215250 PIPE BRACKET, HD ONE-PIECE POLY FOR 2.5" PIPE
 215350 PIPE BRACKET, HD ONE-PIECE POLY FOR 3.5" PIPE

Implementation Date: December 1st, 2012

215250 and 215350

Features and Benefits

Introducing EZ Dock's new style Heavy Duty (HD) Pipe Brackets (215250 and 215350). This new bracket is similar to the existing HD pipe bracket but constructed of a single component LLDPE main frame. T-nut locations have been added to the top to allow for mounting of cleats directly on the bracket. This bracket can also be installed upside down; where a recess has been added for a deadweight insert.

The new HD Pipe Bracket Kits are currently available. We will continue to maintain a limited quantity of the older style, 210250 & 210350, pipe brackets based upon demand as well as quantities of the replacement sleeves (100003 & 10004). Shipping weight is 23lbs.
